IMAGO.S

Compact, portable, ultra-light and extremely robust, IMAGO.S is the ideal scanner for all pregnancy diagnosis : swine, bovine and small ruminants.

Featuring the very latest digital technology, IMAGO.S can be used either with the standard sector probe (sows) or with the sector rectal probe (cows, sheep and goats).

Its interchangeable lithium ion battery allows to work wherever and whenever you want, with hours of continuous use.

Using the digital conception (processor + FPGA) allows the IMAGO.S hardware and software to be upgrated in the future.

TECHNICAL CHARACTERISTICS

1. **Specification**
   - Weight: 1,8 kg
   - Screen: 6,5'
   - Touchscreen
   - Interchangeable battery
   - Large autonomy
   - Intuitive user interface
   - Magnesium body
2. **Imaging mode**
   - B, B+B
   - Zoom
   - Cineloop
   - Text & Annotation
   - Protocol
   - Measurements and tables
   - Images and clips storage
3. **Peripherals**
   - Video composite
   - USB
   - DC output
   - Bluetooth transmission
4. **Clinical Applications**
   - General, Gynaecology, Abdominal
